THE Lectures in the College of Physicians and Surgeons in the city of New-York, commence on the first Monday of November of each year.

The expense of attending a complete course of Lectures by all the Professors, including the matriculation fee of five dollars, is 105 dollars.

The matriculation fee entitles the student to the use of the College Library.

GRADUATION.

Attendance upon two complete courses of Lectures is necessary to entitle the student to present himself for graduation, one of which must have been attended at this College. He must also have studied medicine three years, if classical studies have been attended to for the space of one year after the age of sixteen years; and four years if they have not. He must also have attained the age of twenty-one years.

Two opportunities in each year are afforded for graduation: one on the first Tuesday of April, and one on the last Tuesday of October.

The graduation fee is twenty-five dollars.
